

.uk DOMAIN NAME REGISTRATIONS – TERMS & CONDITIONS

Please note that by ordering a .uk domain through Spitfire, you are bound by the same Terms and Conditions supplied by Nominet UK, the official registry for UK Domain Names and must be aware of what they entail before registering or renewing a Domain Name.

Please review at: <https://www.nominet.uk/go/terms>

Additional Information

Spitfire will not e-mail or contact you before your domain name is due to expire as it will be your responsibility to renew it directly with the Registrar.

Registration renewal charges should be paid directly to the registrar for an international domain or to Spitfire if the domain is a .co.uk.
